

Synced Timers – Privacy Policy

Version 1.0 • Last Updated: May 03, 2025

Introduction

Your privacy is important to us. This Privacy Policy explains how the Synced Timers app (“App,” “we,” “our”) handles your data on **iOS devices** distributed via the **Apple App Store**.

Data Collection and Usage

- **No Personal Data Collected**

The app does not collect, store, or transmit any personal information, usage data, or device data.

- **No Internet Access Required**

The app functions entirely offline and does not access the internet or communicate with any external servers.

- **No Ads, No Analytics, No Third Parties**

This app does not include advertisements, analytics libraries, or third-party integrations. All app data stays entirely on your device.

Permissions

To support key features, the app may request system-level permissions, including:

- **Background Audio**

This allows the built-in timer sound ("ClockTicLoop") to continue playing while the app is minimized or the screen is off, in accordance with Apple's guidelines. This permission is not used for data tracking or collection.

These permissions support only timer functionality and are **never** used for tracking or data collection.

Children's Privacy

This app is designed for general audiences and does not knowingly collect data from children under 13. It complies with applicable child privacy laws, including the **Children's Online Privacy Protection Act (COPPA)**.

Changes to This Privacy Policy

We may update this policy to reflect changes in app functionality or legal requirements. All updates will be posted on this page.
